

# ALC Lift-Pac™ Sewer Lift Station

FROM INTEGRATED CONTROLS, INC.

REASONS TO CHOOSE

## SAVE ENERGY AND GAIN QUICK PAYBACK ON YOUR INVESTMENTS

ICI's ALC Lift-Pac™ Sewer Lift Station will save you money and energy on 2 to 250+ hp systems. Our NEMA 3R totally inclusive Pump Control Panel includes everything you need for utility service connection to pump:

- Stand Alone Panel with Power Transformer for Dry Well or Vault 120 / 240V needs
- Motor Controls
- VFDs
- Generator Hook-Up
- Related Hardware (pumps and wet well hardware optional)

Internal doors protect sensitive VFDs and other components and maximize use of panel real estate.

## ADVANTAGES

REDUCED ENERGY COSTS  
(estimated 1-2 year return on VFD investment)

CONSTANT LEVEL CONTROL OF SEWER WET WELLS

ELIMINATION OF HAMMER ON FORCED MAINS

DETAILED ALARMING AND SELF DIAGNOSIS

SCADA READY

UL and cUL LISTED 698 HAZARDOUS LOCATION
